SMOKES AND CHEWS TO BE HIGHER NEXT YEAR, SAY EXPERTS

Prevailing High Prices of Raw Product Will Make Manufactured Product Come Much Higher When Crop Is Manufactured.

Louisville, December 22.—Further advances which are taking place in the prices of Kentucky tobacco to growers make present values from 177 to nearly 300 per cent higher than before the war. If maintained this probably will mean that when the present crop has been reduced to a manufactured state consumer will be asked to pay much higher prices for cigarettes, plug and smoking tobacco.

Average prices from a number of markets indicate that leaf in general grown in this state is from 75 to more than 100 per cent higher than the opening last year, which was considered a banner one for growers.

Comparison of official quotations of the Louisville Tobacco Board of Trade for last week and for the week ended April 11, 1913, shows that all grades of Kentucky tobacco are selling on the local market at an average of 3.68 times what they were bringing in that period before the war.

Producers are getting 3.82 times as much for Dark Red Burley, 3.89 times as much for Bright Red Burley, 3.38 times as much for Colored Burley and 2.77 times as much for Dark Manufacturing tobacco.

New high record prices have been established on practically every one of the more than fifty markets of the state. Prices have reached as high as \$1.53 for leaf in "basket quantity" and a large number of crops have averaged around \$1 a pound, with some few even higher.

For the second week of this season Lexington, the biggest loose leaf market in the world, reported an advance of 133 per cent, as compared with the corresponding week last year.

Mr. Sterling reports that its general average to date exceeds \$45, a gain of more than \$21 over the same period last year.

"THE BETTER OLE"
NEXT TUESDAY

Thespians of this city are fortunate in having as an attraction at the Washington on Tuesday, December 20, De Wolf Hopper in "The Better Ole," a comedy with music by Captain Bruce Balfour and Captain Arthur Elmer. The piece is described as a fragment from France in two acts, seven scenes and a short act. It is based on Captain Balfour's famous war cartoons, "Fragments from France." Mr. Hopper will be seen in the greatest achievement of his stage career, "OLD BILL."

The M. C. Russell Company, local wholesale grocers, have employed Mr. John Buckley, late of Lexington, to travel for them in the Bracken, Robertson and Lewis county section.

BUY RED CROSS CHRISTMAS SEALS TODAY FOR PACKAGES

Mason County Is Yet Behind In Its Quota of Red Cross Christmas Seals—Buy Them Today and Help County Reach Goal.

Mason county was asked to sell at least two thousand dollars worth of Red Cross Christmas seals this Christmas and reports that have reached the headquarters for the county are to the effect that the county is still below its quota although it must be said, to the credit of the school children of the county, that Mason county and Mayville schools probably have a better record than the schools of any county in the state.

In every bank lobby and in other public buildings will be found booths where young ladies are offering these little stamps or seals for sale. The money thus raised through the sale of these stamps will be used in the anti-tuberculosis work in the state of Kentucky and the majority of the money raised in Mason county will be kept here for work in our own county.

Those who are today mailing Christmas packages, should purchase a supply of the stamps. Every package mailed from the local post office and every Christmas card mailed today and tomorrow should have one of the Red Cross Seals attached.

TO MISS BURROWS

Miss Sallie Burrows, who for many years taught in the Mayville Public Schools, is this week receiving visits and communications from her former students. One who lives in a distant city, hearing of the party the former student, was giving their teacher, sent her this poem:

TEACHER DEAR:
Of a friend I hear,
That to all your children, far and near,
You have sent a call,
To one and all,
That no matter what befall;
A card they should send at this X-mas time—
So I send you one with this note in rhyme.
With this card go best wishes, my love and a prayer
That some day we all will meet Over There.

AND A SECRET
It on the other side it is a rule,
To send the children to a heavenly school;
And teachers are selected by children's choice,
Heaven will ring with a mighty voice.
For then every child in heaven will roar—
"Give us Sally Burrows as teacher for evermore."

CHRISTMAS MAIL HEAVY

Christmas mail is now getting very heavy and for today and tomorrow the city and rural carriers will have about all they can do to handle the mail coming into their hands to be distributed. The rural carriers will deliver mail on Christmas day but New Year's Day will be a holiday for them.

DR. J. T. STRODE DIES TODAY AFTER MANY WEEKS ILLNESS

Prominent Manufacturer and Retired Physician Died at Home of His Son in East Second Street at 12:25 Today.

Dr. J. T. Strode, president of the Mayville Ice and Cold Storage Company and retired physician, died at the home of his son, W. Hall Strode, in East Second street at 12:25 o'clock today following an illness of many weeks following a stroke of paralysis.

Dr. Strode was 81 years of age and although he was a native of Clark county, Kentucky, he had spent much of his life here in Mayville.

Colonel E. Polk Johnson's "History of Kentucky and Kentuckians" has this to say of Dr. Strode: "Dr. John Thomas Strode was born in Clark county, Kentucky, on the 31st of December, 1858, and is one of four children born to Nelson and Elvira (Rash) Strode, the other children being William D., who lives near Winchester, Clark county; Elizabeth A., who is the wife of Miner H. Hulse, of Clark county; and James R., who died in Clark county in May 1910. The father and mother were born in Clark county, Kentucky, and they passed the closing years of their lives in Clark county, where the former was a prosperous agriculturist. Dr. Strode was reared under the conditions and influences of the home farm and early began to contribute his quota to its work—a discipline that begot in him an abiding appreciation of the dignity of honest toil and endeavor and the capacity for placing true valuations on men and affairs. He duly availed himself of the advantages of the common schools of the locality and pursued the work and management of the farmstead until 1889, when at the age of 31 years, he began preparation for the exacting vocation in which he was destined to attain to so marked success and prestige. Under the able tutelage of Dr. William H. Cunningham, of Clark county, was prosecuted his preliminary reading of medicine, with whom he thus continued his studies for two years. He then attended a course of lectures at the medical department of the University of the City of New York, after which he was matriculated in the celebrated Jefferson Medical College, in the city of Philadelphia, an institution that has long held precedence as one of the best in its specific field to be found in the entire union. In this college Dr. Strode was graduated as a member of the class of 1882, and from the same he received his well earned degree of Doctor of Medicine. He forthwith returned to Kentucky and established his residence at Winchester, the county seat of his native county, where he continued in the general practice of his profession until 1889, when he removed to Mayville where he was engaged in practice with all of zeal, earnestness and ability for nearly a quarter of a century and where he gained inviolable hold upon popular confidence and esteem, both as a citizen and as a man of sterling character and abiding human sympathy—a sympathy that transcended mere emotion to become an actuating motive for helpfulness. With great self-abnegation he ministered early and late to those in affliction and distress, and his practice extended throughout a wide radius of country tributary to the city which he maintained his home. In 1893 Dr. Strode removed to Fayette county, where he purchased a well improved farm and turned his attention to the raising of blooded horses and cattle. A short time later, however, the lure of the profession to which he had given so many years of earnest endeavor caused him to remove from his farm to the city of Lexington, the county seat of the same county, where he was engaged in practice until 1909, when he decided that he was entitled to a surcease of such heavy and exacting responsibilities, borne for fully two score of years, and he accordingly retired from active professional work and returned to Mayville, where, in February of the year mentioned, he purchased the business of the Mayville Ice Company." With his son, W. Hall Strode, the doctor has been engaged in this business since that time.

Dr. Strode was married on December 22, 1884, to Miss Isabelle Charlotte Hall and Mrs. Strode died on October 14, 1906.

He was a member of Winchester Lodge of Masons and the Winchester Chapter of Royal Arch Masons and the Mayville Commandery Knights Templar. He was also an Odd Fellow and a member of the order of Red Men. He is survived by two sons, Lewis Gay Strode, of Lexington, and W. Hall Strode, of this city. His wife was a member of the Baptist church and for many years was a member of the Board of Deacons of the First Baptist church of this city.

The funeral will be held from the late home Friday morning at 10:30 o'clock.

BIG BUSINESS DEAL COMPLETED; STORE HAS CHANGED HANDS

Company of Mayville and Mason County Men Purchase Thompson & McAtee's Implement Store and Plan Many Improvements.

A business deal of more than ordinary importance was completed this morning when Messrs. B. O. Pickett, T. J. Bacon, C. S. Burgess and G. L. Cooper purchased of Mr. A. H. Thompson his implement store in West Second street which has been operated for many years under the firm name of Thompson & McAtee.

The deal involves a large sum of money and the gentlemen who have purchased it will take immediate charge and operate the store under the firm name of the Mayville Implement and Auto Company. It is the purpose of the new firm to make many improvements, chief among which will be the equipment of a large and attractive retail store room. They will also add a line of automobiles in the near future.

This firm is quite old and has one of the best reputations of any concern in Mayville. Messrs. Thompson & McAtee purchased the business from McAlvain & Humphreys in 1898 and it was operated by this partnership until 1902 when Mr. McAtee died and Mr. Thompson purchased the entire business but he continued to operate it under the old firm name.

Mr. T. J. Bacon, one of the purchasers of the business, has been connected with it for the past 20 years as bookkeeper and Mr. G. L. Cooper, also a member of the purchasing company, has been employed by the firm for a number of years.

Mr. Thompson has not as yet decided what he will do in the future.

MEMORIAM

In memory of our dear son and brother, Archie Lewis, whom God called home December 22, 1918: Each tear we have shed is the seed of a smile. Our griefs may rejoice to be after a while. The doubts turn to sureties, the discords to tune. And the cold dawn called Life, into heavenly noon. The rainbow is cradled in storm, and the snows. Are the sheltering place of the fair sleeping rose. And, content with the will of the Lord, soon or late,

We shall meet our dear one at the beautiful gate.

PLANNING BIG CHRISTMAS DANCES FOR THIS WEEK

The young people of Maysville and vicinity are certainly planning for a big and merry Christmas this year. There will be several dances during the week and two especially attractive dances on Christmas evening. The music for these Christmas dances is said to be the best that has been brought to Maysville this year.

Catarrah Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrah deafness, and that is by a constitutional remedy. Catarrah Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrah, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrh Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. F. J. CHENEY & CO., Toledo, O.
